

‘SECURING A VIBRANT FUTURE’

DRAFT OF STRATEGIC PLAN ON TRACK TO BE FINALIZED THIS FALL

With significant input over the past year from key stakeholder groups including the Board of Trustees, students, faculty and staff, College leadership has crafted the goals for the College’s 2025 Strategic Plan. See the opposite page.

“We are realizing the culmination of a year of thoughtful reflection and engagement by our community,” said President Colette Geary. “This summer, implementation teams will be developing the strategies and tactics that will guide our efforts as we begin to put our plan into place.”

The strategic vision of The College of St. Scholastica is to be a leading force for the transformation of people and society through the inspiration of Benedictine values and engaged learning in the tradition of the liberal arts and the professions.
